PATRON ENGAGEMENT AND DISCOVERY FOR PUBLIC LIBRARIES

Vega Discover provides the modern experience patrons expect, using a simple, intuitive interface and linked data to create an immersive library experience that drives interest and exploration while advancing your library's role in the community. Vega Discover creates an engaging library experience and encourages further exploration through enhanced discovery tools.

Transform your library with Vega Discover:

Lead with modern technology

Provide anytime, anywhere access with cloud-based design, built as software-as-a-service on a new multitenant platform.

Put Patrons First

Vega Discover is designed for the modern user experience that patrons expect, based on the way the average user searches and navigates the catalog.

Bring the virtual library to life

Give patrons a virtual browsing experience and make your resources more discoverable through automated author and topic pages, content enrichment, and showcases.

“Vega Discover has really delivered on an easy way for library users to find relevant content. By combining rich conceptual linking, title deduplication and a focus on user experience, Vega offers the discovery interface we need.”

Tobin Cataldo

Executive Director at Jefferson County Library Cooperative in Alabama

Stress-free Implementation

We ingest and transform your records with guiding input from you. You can implement and launch Vega Discover without a long wait time, all while managing other projects at the library.

What you get

Vega Discover is a full-featured discovery tool designed for public libraries with input from public libraries. Vega Discover includes:

- ✓ **Context Engine**
Transform your large collection of metadata from static MARC records into a dynamic collection of BIBFRAMED linked data to uncover relationships across resources, authors, and subjects and provide a rich, intuitive discovery experience for patrons.
- ✓ **Interconnected Search Results**
Modern technology that reflects popular search platforms and delivers more relevant search results that make linked data connections across resources, contributors, and topics.
- ✓ **Roll-Ups**
Eliminate endless scrolling by combining formats and editions into a single search result with one smart “hold” or “check-out” button, simplifying workflows and offering at-a-glance availability.
- ✓ **Showcases**
Discover provides automated showcases on related materials, people, and topics and lets staff create showcases to display library resources in a visual interface that lets patrons virtually browse your materials.
- ✓ **Robust Patron Engagement**
Patrons have an always present bookshelf that’s easy to find and visually appealing where they can add favorites, create and share custom lists, save searches, view their reading history, and manage their account.
- ✓ **Integrated eContent —**
Place holds, check out items, and get started with your ebook or eaudiobook. Available through a rich set of APIs that easily integrate eContent and third-party software (OverDrive, Hoopla, etc.)
- ✓ **Enrichment Content Included**
Powered by Syndetics Unbound, our enrichment content offers enhanced discovery opportunities and an engaging library experience where users can explore Reader Reviews, Series data, recommendations, book profiles, reading level, and awards.
- ✓ **Accessibility**
Responsive user interface works across devices, adheres to latest accessibility standards, and supports multiple languages.
- ✓ **Vega Guide for Discover**
Help users get the most out of the online catalog with interactive user tours of Vega Discover. Libraries can also publish announcements, surveys, and polls whenever they want, from a web browser.
- ✓ **Vega Connect**
Free with Vega Discover is our Vega Connect module which sends transactional emails to patrons. Included with our easy-to-use email design tool are templates for five types of patron courtesy notices and three patron journeys for new patron registration, account renewal, and anniversary celebration.
